

OSCA Summer Cruise

2023

under the voluntary* fleet direction of

Cap'n Jerry Edwards

s/v Wicked Winch

*we say it every year, cannot be stressed enough

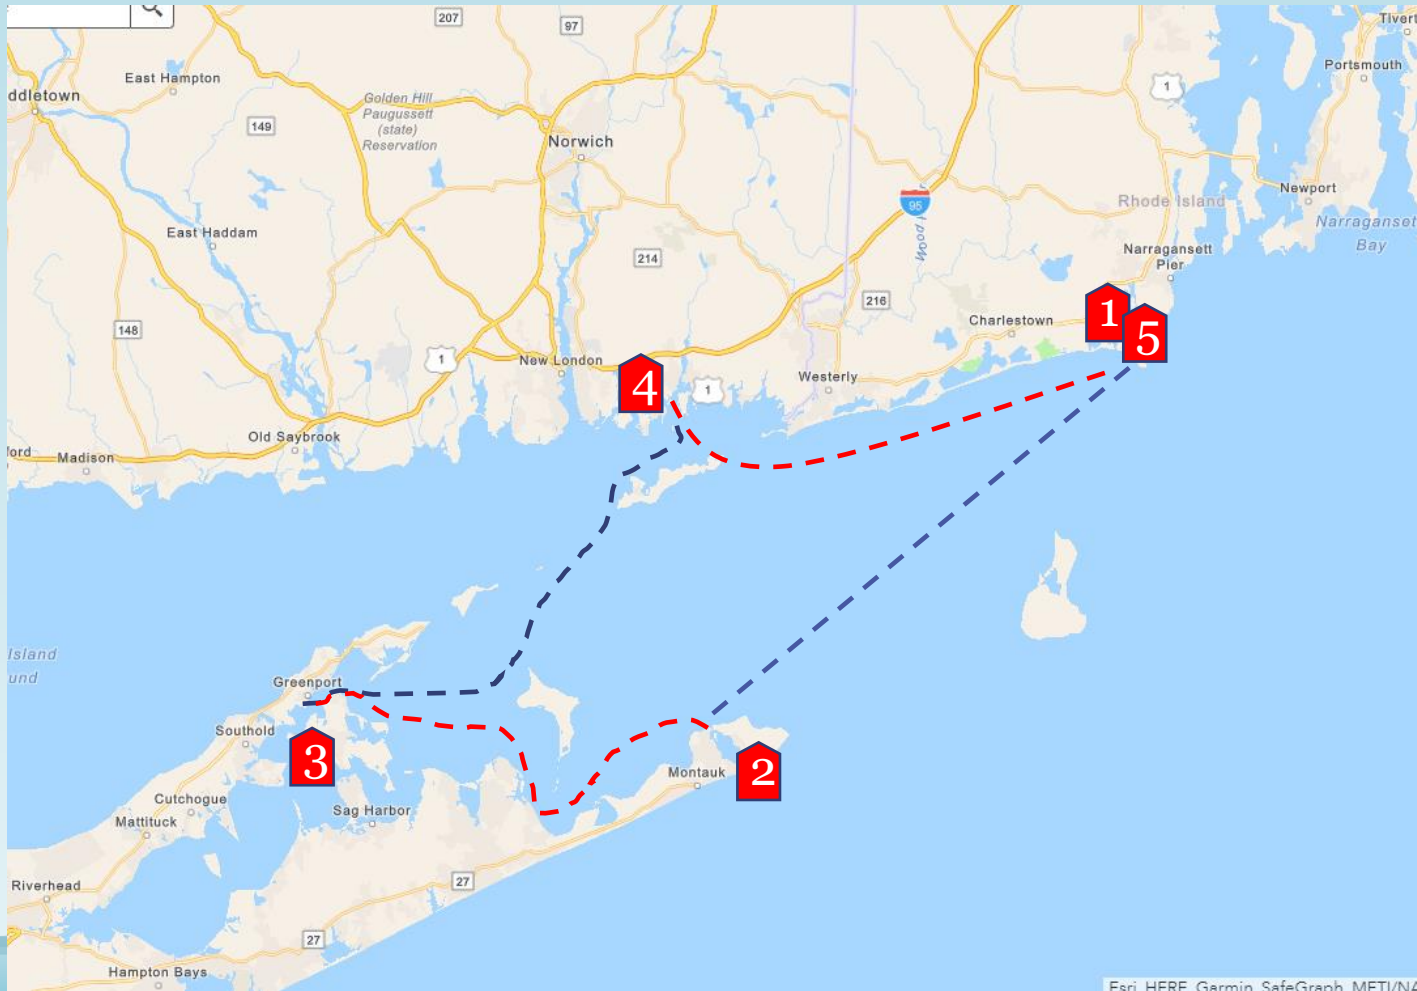

Summer Cruise Guiding Principles

1. **Safety of the Fleet** in itinerary design and all decisions while under way
2. **Individual Accountability**...ultimate decisions rest with each boat captain
3. **Inclusivity & Communication**...if you fall behind you will not be left behind
4. **Coordinated Flexibility**...daily port activities, join as you wish
5. **Take Nature Seriously**...everything else is fair game
6. **Experiential Growth**...the same old same old is found at home
7. **Personal Generosity**...don't keep your gifts a secret

Itinerary Design Considerations

- The traditional last full week in July 7/22-7/29
- Both marinas & anchorages for variety, cost control, and community (or lack thereof)
- Locations with interesting “facilities”
- Build in multiple day locations for rest and weather recovery
- 30 nm max per day and ride current whenever practical
- Leisurely breakfast yet get where we’re going by 3:00pm

2023 OSCA Cruise to Long Island 100nm
